PLACE HOLDER DOCUMENT

FOIA Case Number: EPA-R10-2023-005487

Description:

Any correspondence EPA had with State of Washington Department of Ecology regarding the Ecology reports "Spokane River Dissolved Metals Total Maximum Daily Load," dated May 1999 and "Cadmium, Lead, and Zinc in the Spokane River," dated September 1998. Specifically, we want copies of any EPA approval or disapproval of, or comments to Ecology, regarding either of these documents. I have attached cover pages for both reports.

Records responsive to this request are publicly available online at:
